Iowa 4-H Dog Project

Regulations Pertaining to State and Interstate Shows

Age of Exhibitors

1. To be eligible for a state or interstate show, a 4-H'er must have completed 5th grade **prior to the event** unless a particular show is more restrictive.
2. A 4-H'er becomes ineligible to exhibit beyond the county level upon completion of the **calendar** year of high school graduation. **Note:** In the event that a 4-H'er has dropped out of high school, the 4-H'er is only eligible to exhibit livestock through the calendar year that his/her class graduated.

Ownership

Dogs must be individually or family owned for handling classes. In dog obedience classes when the 4-H'er is the trainer, ownership of the animal is not required; however, the 4-H'er should take an active role in the care and training of the dog. When registration papers are involved, the papers must either be in the 4-H'er's name or show a logical family relationship. (This applies only to handling classes.)

Dogs changing ownership after being identified as a project are ineligible to be exhibited as 4-H animals for that 4-H year.

Identification

Dogs must be identified by name, rabies vaccination number, and information about training.

Animals identified as part of a 4-H project cannot also be identified as an FFA project.

Deadline

Dogs must be identified on 4-H 106e by May 15. County rules may be more restrictive than state rules (e.g., earlier deadlines). Check with your county Extension office for your county deadline.

Signing and Filing your ID Sheet

Your signature on the front of this form indicates you have reviewed it and the information is correct. Check with your county extension office on filing procedures. Keep the blue copy for your use.
